3.0 - Overview

The Cities of Pawtucket and Central Falls have been awarded grant funding through the Economic Development Administration (EDA) to complete this project. Pawtucket and Central Falls share many similar geographic and demographic features and work closely together on a variety of economic initiatives. Pawtucket and Central Falls share a Transit-Oriented Development (TOD) District that encompasses a future train station opening in mid-2022 and a bus hub opening the prior year. The TOD District is anticipated to be a major driver for economic activity in both Cities.

Both Cities also suffer from many similar economic hardships which is the reason both are included as part of this project. This project is a capacity building initiative to act as a catalyst for future private investment and job creation. The planning activities proposed through this project are intended to channel resources into programs, policies and development projects to create jobs and attract significant private investment. This project will involve extensive stakeholder engagement, focusing on understanding the needs of new and existing businesses in Pawtucket and Central Falls. It is the desire of both Cities that at the conclusion of this project, we will have the necessary plans to guide future economic development and attract new investment.

A large body of economic plan sets and studies already exist, particularly for the Joint Pawtucket-Central Falls TOD District. It is expected that that selected consultant shall utilize prior economic plans and studies for Pawtucket and Central Falls to guide the recommendations and implementation of this Plan.

Since the outbreak of COVID-19, this project has taken on new significance as the economic gains seen by both Cities is now threatened. Economic conditions and trends have been abruptly altered due to the pandemic which will have a lasting impact on our economy. The deliverables from this project will help Pawtucket and Central Falls understand the impact of the virus and guide our decision-making to adjust to the new pandemic and post-pandemic economic environment.

This project encompasses two main components, the first being a joint economic development plan for both Cities and a workforce & business development assessment and feasibility study for a training and innovation center located somewhere in either City. These are two separate components of the project however are connected as one cannot be completed without the other. The workforce and business development and training center feasibility study are expected to be completed as sub-studies within the larger joint economic development plan.
4.0 - Scope of Work

**Location**
Cities of Pawtucket and Central Falls, Rhode Island

**Scope Detail**

JOINT ECONOMIC DEVELOPMENT PLAN

I. Stakeholder and Public Engagement

It is expected that the chosen consultant will survey current economic conditions in both communities, gathering input from stakeholders from the Pawtucket-Central Falls area (e.g. major employers, business owners & leaders, developers, foundations and philanthropic leaders, etc.). Stakeholders including but not limited to trade associations, local Chambers of Commerce, and state and quasi-state organizations such as Rhode Island Commerce and the Rhode Island Department of Labor and Training should be consulted.

Direct engagement with the public is also a necessity. The exact level of public engagement, however, will be largely influenced by the consultant according to the level they believe should be utilized during the process.

II. Assessment & Analysis

The Consultant will conduct an economic analysis of Pawtucket and Central Falls and their economic relationships to the surrounding Providence Metropolitan Area and Boston Metropolitan Area. The purpose of this analysis will be to better understand the Pawtucket-Central Falls economy in the context of the larger metro economies to identify both unique opportunities for both Cities, and regional synergies for economic growth and diversification. During this phase of the study, the Consultant will review relevant previous plans and economic studies (e.g. City Comprehensive Plans), reports and other related information provided by both Cities to ensure that this strategy is connected with existing plans while yet remaining distinct. Note: The update to the Central Falls Comprehensive Plan will occur simultaneously to this project and the two processes should be coordinated.

To the degree possible, City staff will make available local data requested by the Consultant, understanding that the Consultant may have better and more convenient sources of data than the Cities. Both Cities will also provide information regarding their current economic development programs, staffing and budget, as well as provide a listing and general function of its local economic development partners. This section should include the impact of the COVID-19 pandemic on Pawtucket and Central Falls’ economy and on general economic trends. The assessment and analysis section should include:
A. Demographic Analysis – The report should contain a detailed demographic profile of the Cities. The demographic profile shall consider such factors as population, household income, wealth and credit levels, the impact of poverty, education levels, property values and trends in property ownership, skills gaps, joblessness, underemployment, and race, among others for up to the past ten years.

B. Local Economic Assessment – Produce a report containing a detailed analysis of the Pawtucket-Central Falls economic base including:

   i. An overview of the Cities’ economy and the drivers responsible for the majority of the economic activity in the Cities. The Local Economic Analysis shall include the following information, at minimum: the private employers with the largest number of employees in the both Cities; largest government employers; industries that are employing the most people; businesses that produce the most sales tax revenue; and identifying sectors of the economy that produce the most employment and generate the most tax revenues to the Cities.

   ii. An overview of the micro-enterprise, small business and gig economy component of the economic activity within the Cities.

   iii. Analyze economic trends and determine their impact on Pawtucket and Central falls’ future economic composition.

   iv. Analyze current major development and redevelopment projects in the pipeline for context on the type and scale of current developments and those seen in the Cities in the past 5 years.

   v. SWOT analysis to identify major strengths, weaknesses, opportunities and threats in the market, particularly as they compare to similar, competitive (or emerging competitive) markets.

   vi. Internal Assessment – To inform strategy implementation, review Pawtucket and Central Falls internal economic development operations, policies, and procedures

   vii. External Economic Development Network Ecosystem - Evaluate the relevant existing reports, initiatives and resources to ensure that the Plan's recommendations are properly informed. These would include:

       a. Existing reports and relevant recommendations (ex. Rhode Island innovates: A competitive strategy for the Ocean State by The Brookings Institute)

       b. Current Community Development Initiatives

       c. Existing data and data infrastructure

       d. Existing resources to be leveraged (state, federal, philanthropic)
III. Economic Growth Target Areas

Pawtucket and Central Falls are Cities that have seen dramatic changes in employment over the past half century. While industrial manufacturing jobs remain a critical and valued portion of our job market, many of these jobs have moved overseas. Pawtucket and Central Falls continue to adapt to changes in the job market however both suffer from high commercial and industrial building vacancy rates. The strategies related to addressing building vacancy rates will be a critical portion of this plan.

Pawtucket and Central Falls (as well as the Town on Cumberland) have recently been the recipient of approximately $16 million in RIDOT road improvements as part of the Broad Street Regeneration Initiative. This plan should consider how the Cities can leverage this major investment and how the ongoing work of the Initiative can assist with the connection of Pawtucket Downtown, TOD District, and Central Falls Business Districts and/or support other economic development goals.

Pawtucket and Central Falls together contain five (5) federally designated Opportunity Zones. These Opportunity Zones contain large portions of both Cities respective “Main Streets” and “Downtown” areas as well as much of the joint TOD (Conant Thread) District as well as large tracts of land along the Blackstone and Seekonk Rivers. Plans should examine the impact and potential impacts of the Opportunity Zone Program and target these areas for increased economic activity and expansion.

A. The consultant shall provide a strategy for how the Cities can best capitalize off the new Tidewater Riverfront Development which includes the construction of a soccer stadium, events/conference center, indoor sports center, commercial and retail space, and potential space for community use.

B. Downtown Pawtucket – Identify existing economic conditions in the Pawtucket Downtown, documenting the economic and infrastructure challenges and opportunities. The Pawtucket Downtown is located between the Tidewater Riverfront Development and TOD District. The centralized location of the Downtown between these two major areas and how they connect should be explored. A strategy will be developed to increase economic activity in the Downtown which shall address building vacancy, pedestrian and cyclist activity, City-owned infrastructure such as roads, sidewalks, and signage, specific policies to improve and maintain desirable building facades, and other amenities the consultant determines will be beneficial to the area. Areas in the Downtown are well suited for event programming shall be identified. The consultant shall utilize prior plans for the Downtown, including a Market Study by the Pawtucket Foundation, in their analysis.

C. Central Falls Business Districts – Identify existing economic conditions along Central Falls’ commercial corridors, documenting the economic and infrastructure challenges and opportunities. A strategy will be developed to increase economic activity in the business districts which shall address building vacancy, pedestrian and cyclist activity, City-owned infrastructure such as roads, sidewalks, and signage, specific policies to improve and maintain desirable building facades, and other amenities the consultant determines will be beneficial to the area. Areas along the commercial corridors that are well suited for event programming shall be identified and the relationship and opportunities between the main
commercial corridors in Central Falls and nearby developments, such as the TOD/train station, the Landing, Downtown Pawtucket, and others should be explored.

D. Joint Transit Oriented Development (TOD) District – The Pawtucket-Central Falls TOD District will be anchored by a new transit hub containing a bus station and train station. Extensive work has already been done to create, maintain, and promote the TOD District and modest gains in economic development have been seen over the past several years. A package of prior market studies, development plans, conceptual renderings, and TOD Design Guidelines shall be provided to the consultant by the Cities. Plans in this report that relate to the TOD should work in continuity with the existing body of work already completed.

In mid-March 2020 a large fire destroyed several large vacant former mill buildings. These mill buildings had long factored into redevelopment plans for the area and with the fire the Cities require a new development for these newly vacant tracts of land. The consultant shall create a development plan for the 7+ acres of land formerly containing the burned down mill buildings and referred to as “TOD North”. The development plan shall include:

i. Based upon area make-up and the market and industry analysis, the economic sectors and specific industries best suited to locate in TOD North shall be identified

ii. Conceptual architectural renderings for new proposed structures

iii. Potential Roadway and traffic improvements to the site

iv. Steps needed for site remediation with cost estimates

E. The Blackstone River Bikeway – The Blackstone River Bikeway is a bike path (mix of on and off-road segments in various stages of development) that runs through Pawtucket and Central Falls and is part of a larger project to connect Providence to Worcester via one connected bike route. Several segments of the bikeway in Pawtucket have been completed in recent years with additional segments in both Cities planned for construction in the coming years. The consultant will provide an overview of how the Cities can capitalize off the development of the Blackstone River Bikeway to leverage new economic activity.

F. The consultant will identify a handful of areas/corridors in the Cities, aside from those already identified above, which are, or have the potential to be major drivers of economic activity in the Cities. Note: the former OSRAM SYLVANIA site in Central Falls will be studied in a separate project and is not included in this plan, but coordination with the OSRAM SYLVANIA study is encouraged.

G. Strategies will be identified to sustain and encourage growth in existing economically prosperous areas and develop a set of policies to encourage economic development in areas that have greater potential than is currently being utilized.
H. Tie the recommendations in this strategy to the City’s larger infrastructure and planning documents. It is essential that this economic development strategy build upon the physical framework of our existing assets, plans, infrastructure projects, TOD area, and Opportunity Zones and align with the process to update the Central Falls Comprehensive Plan.

IV. Workforce & Business Development: Market & Industry Analysis

The Market & Industry Analysis portion of the Plan is intended to identify the economic sectors in Pawtucket-Central Falls that are currently or capable of becoming highly competitive at the regional or national scale. Following identification of target industries, this portion of the plan should lay out action-oriented strategies for building upon and growing these sectors with the goal of creating a diverse, sustainable and resilient economy that is sufficient to support the needs of the Cities and their population. To address the resilience of these industries, risks associated with their stability and growth in the Cities shall be identified and factored into this part of the analysis. A critical portion of this section will be identifying the workforce and business development needs of the community and what it will take to fill the gaps the currently exist.

A second objective is to identify the local industry clusters or strengths that enable the Cities to stand out within the region and prescribe strategies for growing and sustaining them. Examples of these types of industries could stem from entertainment, tourism, healthcare, etc.

A. Identify industries in the Cities that are:
   i. Dominant and expected to grow
   ii. Dominant but waning due to industry/economic/technological or other trends or lack of infrastructure
   iii. Emerging and expected to grow
   iv. Currently non-existent but for which a good match exists

B. Summary of current opportunities and challenges facing businesses. Stakeholder outreach to key industry corporate executives, entrepreneurs and others will give insight into these aspects.

C. Occupational cluster analysis – Identify the key occupations where Pawtucket-Central Falls has a competitive advantage against other areas in the region, and show how the Cities can leverage these strengths to grow our industry sub-clusters and/or create new ones. Identify risks to maintaining the occupational advantages of Pawtucket and Central Falls.

D. Identification of Top 5 investment opportunities in the Cities.

E. Identify marketing strategies – What messages and campaigns ought to be implemented to inform and influence site selection decision makers and consultants to attract targeted industries. Who are some of the major decision
makers and consultants in the respective targeted industries? What information should be posted on the City websites that will be most useful to corporate decision makers and national site selection consultants within each targeted industry?

F. Identify existing job training/re-training programs and resources that are accessible to Pawtucket and Central Falls residents. Identify which resources are most accessible and identify why others are less accessible to our residents/specific populations.

G. Identify job training and workforce/business development challenges that exist and the gaps that exist between what currently exists and what is needed for the community.

V. **Training and Innovation Center Feasibility Study**

A. Based upon Section III, above, consultant(s) will evaluate the need for and feasibility of a Training and Innovation Center to serve Pawtucket and Central Falls residents and businesses.
   i. Provide case study examples of similar projects in comparable cities that have been successful and sustainable
   ii. Identify potential partners, most likely tenants, and most viable programs and services for such a center in Pawtucket/Central Falls.

B. Describe the variety of options for the creation of a center, which may include a dedicated physical location, the embedding of a center at an existing facility or organization, an online-only option, and others.

C. Outline the requirements and possible entities to manage such a center within each scenario, including estimates on required personnel and operating costs, as well as possible sources of funding.

D. Identify top locational prospects for physical locations of a Training and Innovation Center and provide an assessment of the costs associated with construction and/or rehabilitation to make the Center habitable at each location.

E. Provide a recommended course of action and timeframe for a Training and Innovation Center as a component of the overall economic development plan

F. Provide conceptual architectural renderings for a training and innovation center

G. The consultant shall also consider the viability of a job training center which can capitalize on and be located in the Tidewater Riverfront Development Project. The potential to capitalize on the entertainment, hospitality, and recreational sports elements of the current development should be explored.
VI. Recommendations

In this section of the plan, the Cities are seeking best practices that are critical to our economic success. More than simply listing out what other cities have done, we are also interested in learning how Pawtucket and Central Falls can apply these best practices ourselves through strategic tasks and actions that the Cities and our partners can implement.

A. Identify key best practices for Pawtucket and Central Falls to pursue as determined by looking at the Cities’ SWOT analysis.

B. Identify talent development best practices, particularly around upskilling of current residents, and the role of the Cities in this type of work.

C. Identify other best practices, such as business retention and expansion strategies and how the Cities and their partners could pursue these in an efficient manner.

D. Identify key resident/talent attraction strategies for growing the Cities’ populations.

E. Provide recommendations for maximizing the Cities’ entrepreneurial & small business ecosystem including strategies for recruiting companies and entrepreneurs.

F. Identify local incentive programs that will help attract new job growth and/or retain existing job growth in targeted industries.

G. Identify best practices for ensuring that growth and development is equitable in order to attain the maximum reach of the economic benefits that are expected as a result of the successful execution of this plan.

H. Provide the top ten opportunities that the Cities can pursue to grow their tax base as efficiently as possible.

I. Use the findings identified in this report to show how we can attract new residents while enhancing the lives of those who currently live in Pawtucket and Central Falls now.
VII. Implementation

This segment of the strategy is geared to tying together all of the previous elements into a clear set of strategic actions and tasks the Cities, in partnership with our allies, can implement in order to reach our goal of developing a resilient, equitable, and prosperous economy in Pawtucket and Central Falls.

A. Make policy, law or procedural change recommendations, as needed, for the Cities to achieve the economic growth and resilience strategy's goals.

B. Recommend any changes needed to local existing economic development programs, including changes to incentive programs (including new incentive or financing tools), or the addition of programs or services within the Cities to promote business development.

C. Identify areas in which increased collaboration would accrue economies of scale and benefit all parties and community partners that will help achieve strategic objectives. This could include key partnerships (government, private and non-profit) that will improve the success of the plan. Provide recommendations as to the appropriate level of involvement from each party of these collaborations and recommend practices for developing coalitions with and maintaining effective communication and coordination between economic development network partners as it relates to implementation of this plan.

D. Develop local (and state if applicable) policy recommendations to support the implementation of the plan.

E. List out the metrics that the Cities should track to best measure the success achieved by the implementation of the plan.

F. The plan should include an implementation matrix that explains the “who, what, when, where, why and how” of the recommended strategies. This should include designation of leaders, partners, timeline, resources (both current and potential funding sources), priority levels, and measures for each goal and objective. The plan should clearly indicate overall milestones for successful implementation of the strategies, services and programs.

G. Recommend ways that the Cities and their partners can work together to develop an agile approach to implementation of this strategy, so that the Cities can be flexible and adaptable in its implementation of this plan, should foundational components of or assumptions within the plan become null or obsolete.
**Deliverables**

The selected consultant shall produce two deliverables at the conclusion of the project.

1. A Joint Economic Development Plan for the Cities of Pawtucket and Central Falls
2. A workforce & business development assessment and feasibility study for a training and innovation center.

Appendix B

CITY OF PAWTUCKET
GENERAL TERMS AND CONDITIONS OF PURCHASE

Preamble
The City of Pawtucket’s Purchasing Office may, from time to time, make amendments to the General Terms and Conditions when the City of Pawtucket’s Purchasing Agent determines that such amendments are in the best interest of the City of Pawtucket. Amendments shall be made available for public inspection at the Purchasing Office located in Pawtucket City Hall but shall not require formal public notice and hearing. Copies of the Terms and Conditions shall be provided to any individual or firm requesting them.

CITY OF PAWTUCKET’S PURCHASING OFFICE GENERAL CONDITIONS OF PURCHASE
All City of Pawtucket purchase orders, contracts, solicitations, delivery orders and service requests shall incorporate and be subject to the provisions of Rhode Island General Laws 8-15-4 and the City of Pawtucket purchasing rules and regulations adopted pursuant thereto, all other applicable provisions of the Rhode Island General Laws, the Pawtucket City Charter, specific requirements described in the Request or Contract, and the following General Conditions of Purchase:

1. GENERAL
All purchase orders, contracts, solicitations, delivery orders, and service requests are for specified goods and services, in accordance with express terms and conditions of purchase, as defined herein. For the purposes of this document, the terms “bidder” and “contractor” refer to any individual, firm, corporation, or other entity presenting a proposal indicating a desire to enter into contracts with the City of Pawtucket, or with whom a contract is executed by the City of Pawtucket’s Purchasing Agent, and the term “contractor” shall have the same meaning as “vendor”.

2. ENTIRE AGREEMENT
The City of Pawtucket’s Purchase Order, or other City of Pawtucket contract endorsed by the City of Pawtucket Purchasing Office, shall constitute the entire and exclusive agreement between the City of Pawtucket and any contractor receiving an award. In the event any conflict between the bidder's standard terms of sale, these conditions or more specific provisions contained in the solicitation shall govern.
All communication between the City of Pawtucket and any contractor pertaining to any award or contract shall be accomplished in writing.

a. Each proposal will be received with the understanding that the acceptance, in writing, by contract or Purchase Order by the City of Pawtucket Purchasing Agent of the offer to do work or to furnish any or all the materials, equipment, supplies or services described therein shall constitute a contract between the bidder and the City of Pawtucket. This shall bind the bidder on his part to furnish and deliver at the prices and in accordance with the conditions of said accepted proposal and detailed specifications and the City of Pawtucket on its part to order from such contractor (except in case of emergency) and to pay for at the agreed prices, all materials, equipment, supplies or services specified and delivered. A contract shall be deemed executory only to the extent of funds available for payment of the amounts shown on Purchase Orders issued by the City of Pawtucket to the contractors.

b. No alterations or variations of the terms of the contract shall be valid or binding upon the City of Pawtucket unless submitted in writing and accepted by the City of Pawtucket Purchasing Agent. All orders and changes thereof must emanate from the City of Pawtucket Purchasing Office: no oral agreement or arrangement made by a contractor with a department or employee will be considered to be binding on the City of Pawtucket Purchasing Agent, and may be disregarded.

c. Contracts will remain in force for the contract period specified or until all articles or services ordered before date of termination shall have been satisfactorily delivered or rendered and accepted and thereafter until all terms and conditions have been met, unless:
1. terminated prior to expiration date by satisfactory delivery against orders of entire quantities, or
2. extended upon written authorization of the City of Pawtucket Purchasing Agent and accepted by the contractor, to permit ordering of the unordered balances or additional quantities at the contract price and in accordance with the contract terms, or
3. canceled by the City of Pawtucket in accordance with other provisions stated herein.
   d. It is mutually understood and agreed that the contractor shall not assign, transfer, convey, sublet or otherwise dispose of this contract or his right, title or interest therein, or his power to execute such contract, to any other person, company or corporation, without the previous consent, in writing, of the City of Pawtucket Purchasing Agent.
   e. If, subsequent to the submission of an offer or issuance of a purchase order or execution of a contract, the bidder or contractor shall merge with or be acquired by another entity, the contract may be terminated, except as a corporate resolution prepared by the contractor and the new entity ratifying acceptance of the original bid or contract terms, condition, and pricing is submitted to the City of Pawtucket Purchasing Office, and expressly accepted.
   f. The contractor or bidder further warrants by submission of an offer or acceptance of a purchase order or other contract that he has no knowledge at the time of such action of any outstanding and delinquent or otherwise unsettled debt owed by him to the City of Pawtucket, and agrees that later discovery by the City of Pawtucket Purchasing Agent that this warranty was given in spite of such knowledge, except where the matter is pending in hearing or from any appeal therefrom, shall form reasonable grounds for termination of the contract.

3. SUBCONTRACTS
   No subcontracts or collateral agreements shall be permitted, except with the City of Pawtucket's express written consent. Upon request, contractors must submit to the City of Pawtucket Purchasing Office a list of all subcontractors to be employed in the performance of any Purchase Order or other contract arising from this Request.

4. RELATIONSHIP OF PARTIES
   The contractor or bidder warrants, by submission of an offer or acceptance of a purchase order or other contract, that he is not an employee, agent, or servant of the City of Pawtucket, and that he is fully qualified and capable in all material regards to provide the specified goods and services. Nothing herein shall be construed as creating any contractual relationship or obligation between the City of Pawtucket and any sub-bidder, subcontractor, supplier, or employee of the contractor or offeror.

5. COSTS OF PREPARATION
   All costs associated with the preparation, development, or submission of bids or other offers will be borne by the offeror. The City of Pawtucket will not reimburse any offeror for such costs.

6. SPECIFIED QUANTITY REQUIREMENT
   Except where expressly specified to the contrary, all solicitations and contracts are predicated on a specified quantity of goods or services, or for a specified level of funding.
   a. The City of Pawtucket reserves the right to modify the quantity, scope of service, date of delivery or completion, or funding of any contract, with no penalty or charge, by written notice to the contractor, except where alternate terms have been expressly made a part of the contract.
   b. The City of Pawtucket shall not accept quantities in excess of the specified quantity except where the item is normally sold by weight (where sold by weight, the City of Pawtucket will not accept quantities greater than ten per cent [10%] of the specified quantity), or where the Request or Contract provides for awards for other than exact quantities.
c. Purchase Orders or other contracts may be increased in quantity or extended in term without subsequent solicitation with the mutual consent of the contractor and the City of Pawtucket, where determined by the City of Pawtucket Purchasing Agent to be in the City of Pawtucket's best interest.

7. TERM AND RENEWAL
Where offers have been requested or contracts awarded for terms exceeding periods of twelve (12) months, it is mutually understood and agreed that the City of Pawtucket's commitment is limited to a base term not to exceed twelve (12) months, subject to renewal annually at the City of Pawtucket's sole option for successive terms as otherwise described, except where expressly specified to the contrary. Purchase orders appearing to commit to obligations of funding or terms of performance may be executed for administrative convenience, but are otherwise subject to this provision, and in such cases the City of Pawtucket's renewal shall be deemed to be automatic, conditional on the continued availability of appropriated funds for the purpose, except as written notice of the City of Pawtucket's intent not to renew is served.

8. DELIVERY/COMPLETION
Delivery must be made as ordered and/or projects completed in accordance with the proposal. If delivery qualifications do not appear on the bidder's proposal, it will be interpreted to mean that goods are in stock and that shipment will be made within seven (7) calendar days. If the project completion date is not specified in the proposal, the date shall be determined by the City of Pawtucket Purchasing Agent. The decision of the City of Pawtucket Purchasing Agent, as to reasonable compliance with the delivery terms, and date of completion shall be final. Burden of proof of delay in receipt of order shall rest with the contractor. No delivery charges shall be added to invoices except when authorized on the Purchase Order.

9. FOREIGN CORPORATIONS
In accordance with Title 7 Chapter 1.1 (“Business Corporations”) of the General Laws of Rhode Island, no foreign corporation shall have the right to transact business in this state until it shall have procured a certificate of authority so to do from the Secretary of State.

10. PRICING
All pricing offered or extended to the City of Pawtucket is considered to be firm and fixed unless expressly provided for to the contrary. All prices shall be quoted F.O.B. Destination with freight costs included in the unit cost to be paid by the City of Pawtucket, except, where the Request or Contract permits, offers reflecting F.O.B. Shipping Point will be considered, and freight costs may then be prepaid and added to the invoice.

11. COLLUSION
Bidder or contractor warrants that he has not, directly or indirectly, entered into any agreement or participated in any collusion or otherwise taken any action in restraint of full competitive bidding. In special circumstances, an executed affidavit will be required as a part of the bid.

12. PROHIBITION AGAINST CONTINGENT FEES AND GRATUITIES
Bidder or contractor warrants that he has not paid, and agrees not to pay, any bonus, commission, fee, or gratuity to any employee or official of the City of Pawtucket for the purpose of obtaining any contract or award issued by the City of Pawtucket. Bidder or contractor further warrants that no commission or other payment has been or will be received from or paid to any third party contingent on the award of any contract by the City of Pawtucket, except as shall have been expressly communicated to the City of Pawtucket Purchasing Agent in writing prior to acceptance of the contract or award in question. Subsequent discovery by the City of Pawtucket of non-compliance with these provisions shall constitute sufficient cause for immediate termination of all outstanding contracts and suspension or debarment of the bidder(s) or contractor(s) involved.

13. AWARDS
Awards will be made with reasonable promptness and by written notice to the successful bidder (only); bids are considered to be irrevocable for a period of ninety (90) days following the bid opening unless expressly provided for to the contrary in the Request, and may not be withdrawn during this period without the express permission of the City of Pawtucket Purchasing Agent.
a. Awards shall be made to the bidder(s) whose offer(s) constitutes the lowest responsive price offer (or lowest responsive price offer on an evaluated basis) for the item(s) in question or for the Request as a whole, at the option of the City of Pawtucket. The City of Pawtucket reserves the right to determine those offers which are responsive to the Request, or which otherwise serve its best interests.

b. The City of Pawtucket reserves the right, before making award, to initiate investigations as to whether or not the materials, equipment, supplies, qualifications or facilities offered by the bidder meet the requirements set forth in the proposal and specification, and are ample and sufficient to insure the proper performance of the contract in the event of award. If upon such examination it is found that the conditions of the proposal are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications or facilities are not satisfactory, the City of Pawtucket may reject such a bid. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon the City of Pawtucket to make any examinations before awarding a contract; and it is further understood that if such examination is made, it in no way relieves the contractor from fulfilling all requirements and conditions of the contract.

c. Qualified or conditional offers which impose limitations of the bidder's liability or modify the requirements of the bid, offers for alternate specifications, or which are made subject to different terms and conditions than those specified by the City of Pawtucket may, at the option of the City of Pawtucket, be
   1. rejected as being non-responsive, or
   2. set aside in favor of the City of Pawtucket's terms and conditions (with the consent of the bidder), or
   3. accepted, where the City of Pawtucket Purchasing Agent determines that such acceptance best serves the interests of the City of Pawtucket. Acceptance or rejection of alternate or counter-offers by the City of Pawtucket shall not constitute a precedent which shall be considered to be binding on successive solicitations or procurements.

d. Bids submitted in pencil, or which do not bear an original signature, in ink, by an owner or authorized agent thereof, will not be accepted.

e. Bids must be extended in the unit of measure specified in the Request. In the event of any discrepancy between unit prices and their extensions, the unit price will govern.

f. The City of Pawtucket Purchasing Agent reserves the right to determine the responsibility of any bidder for a particular procurement.

g. The City of Pawtucket Purchasing Agent reserves the right to reject any and all bids in whole or in part, to waive technical defects, irregularities, and omissions, and to give consideration to past performance of the offerors where, in his judgment the best interests of the City of Pawtucket will be served by so doing.

h. The City of Pawtucket Purchasing Agent reserves the right to make awards by items, group of items or on the total low bid for all the items specified as indicated in the detailed specification, unless the bidder specifically indicates otherwise in his bid.

i. Preference may be given to bids on products raised or manufactured in the City of Pawtucket or State of Rhode Island, other things being equal.

j. The impact of discounted payment terms shall not be considered in evaluating responses to any Request.

k. The City of Pawtucket Purchasing Agent reserves the right to act in the City of Pawtucket's best interests regarding awards caused by clerical errors by the City of Pawtucket Purchasing Office.

14. SUSPENSION AND DEBARMENT
The City of Pawtucket Purchasing Agent may suspend or debar any vendor or potential bidder, for good cause shown:

a. A debarment or suspension against a part of a corporate entity constitutes debarment or suspension of all of its divisions and all other organizational elements, except where the action has been specifically limited in scope and application, and may include all known corporate affiliates of a contractor, when such offense or act occurred in connection with the affiliate's performance of duties for or on behalf of the contractor, or with the knowledge, approval, or acquiescence of the contractor or one or more of its principals or
directors (or where the contractor otherwise participated in, knew of, or had reason to
know of the acts).

b. The fraudulent, criminal or other serious improper conduct of any officer, director,
shareholder, partner, employee, or any other individual associated with a contractor may
be imputed to the contractor when the conduct occurred in connection with the
individual's performance of duties for or on behalf of the contractor, or with the
contractor's knowledge, approval or acquiescence. The contractor's acceptance of
benefits derived from the conduct shall be evidence of such knowledge, approval, or
acquiescence.

c. A vendor or contractor who knowingly engages as a subcontractor for a contract awarded
by the City of Pawtucket to a vendor or contractor then under a ruling of suspension or
debarment by the City of Pawtucket shall be subject to disallowance of cost, annulment
or termination of award, issuance of a stop work order, or debarment or suspension, as
may be judged to be appropriate by the City of Pawtucket's Purchasing Agent.

15. PUBLIC RECORDS
Contractors and bidders are advised that certain documents, correspondence, and other
submissions to the City of Pawtucket's Purchasing Office may be voluntarily made public by the
City of Pawtucket absent specific notice that portions of such submittals may contain confidential
or proprietary information, such that public access to those items should be withheld.

16. PRODUCT EVALUATION
In all specifications, the words "or equal" are understood after each article when manufacturer's
name or catalog are referenced. If bidding on items other than those specified, the bidder must, in
every instance, give the trade designation of the article, manufacturer's name and detailed
specifications of the item the bidder proposes to furnish; otherwise, the bid will be construed as
submitted on the identical commodity described in the detailed specifications. The City of
Pawtucket's Purchasing Agent reserves the right to determine whether or not the item submitted
is the approved equal the detailed specifications.

a. Any objections to specifications must be filed by a bidder, in writing, with the City of
Pawtucket's Purchasing Agent at least 96 hours before the time of bid opening to enable
the City of Pawtucket's Purchasing Office to properly investigate the objections.

b. All standards are minimum standards except as otherwise provided for in the Request or
Contract.

c. Samples must be submitted to the City of Pawtucket's Purchasing Office in accordance
with the terms of the proposals and detailed specifications. Samples must be furnished
free of charge and must be accompanied by descriptive memorandum invoices indicating
whether or not the bidder desires their return and specifying the address to which they
are to be returned (at the bidder's risk and expense), provided they have not been used
or made useless by tests; and absent instructions, the samples shall be considered to be
abandoned. Award samples may be held for comparison with deliveries.

17. PRODUCT ACCEPTANCE
All merchandise offered or otherwise provided shall be new, of prime manufacture, and of first
quality unless otherwise specified by the City of Pawtucket. The City of Pawtucket reserves the
right to reject all nonconforming goods, and to cause their return for credit or replacement, at the
City of Pawtucket's option. Contract deliverables specified for procurements of services shall be
construed to be work products, and subject to the provisions of this section.

a. Failure by the City of Pawtucket to discover latent defect(s) or concealed damage or non-
conformance shall not foreclose the City of Pawtucket's right to subsequently reject the
goods in question.

b. Formal or informal acceptance by the City of Pawtucket of non-conforming goods shall
not constitute a precedent for successive receipts or procurements.

c. Where the contractor fails to promptly cure the defect or replace the goods, the City of
Pawtucket reserves the right to cancel the Purchase Order, contract with a different
contractor, and to invoice the original contractor for any differential in price over the
original contract price.
When materials, equipment or supplies are rejected, the same must be removed by the contractor from the premises of the City of Pawtucket within forty-eight (48) hours of notification. Rejected items left longer than two days will be regarded as abandoned and the City of Pawtucket shall have the right to dispose of them as its own property.

18. PRODUCT WARRANTIES
All product or service warranties normally offered by the contractor or bidder shall accrue to the City of Pawtucket's benefit, in addition to any special requirements which may be imposed by the City of Pawtucket. Every unit delivered must be guaranteed against faulty material and workmanship for a period of one year unless otherwise specified, and the City of Pawtucket may, in the event of failure, order its replacement, repair, or return for full credit, at its sole option.

19. PAYMENT
Unless otherwise provided for by the Request or Contract, payment shall not be made until delivery has been made, or services performed, in full, and accepted. Payment shall not be due prior to thirty (30) working days following the latest of completion, acceptance, or the rendering of a properly submitted invoice.
   a. Payment terms other than the foregoing may be rejected as being nonresponsive.
   b. No partial shipments, or partial completion will be accepted, unless provided for by the Request or Contract.
   c. Where a question of quality is involved, or failure to complete a project by the specified due date, payment in whole or part against which to charge back any adjustment required, shall be withheld at the direction of the City of Pawtucket Purchasing Agent. In the event a cash discount is stipulated, the withholding of payments, as herein described, will not deprive the City of Pawtucket from taking such discount.
   d. Payments for used portion of inferior delivery or late delivery will be made by the City of Pawtucket on an adjusted price basis.
   e. Payments on contracts under architectural or engineering supervision must be accompanied by a Certificate of Payment and Statement of Account signed by the architect or engineer and submitted to the City of Pawtucket Purchasing Office for approval.

20. THIRD PARTY PAYMENTS
The City of Pawtucket recognizes no assigned or collateral rights to any purchase agreement except as may be expressly provided for in the bid or contract documents, and will not accede to any request for third party or joint payment(s), except as provided for in specific orders by a court of competent jurisdiction, or by express written permission of the City of Pawtucket's Purchasing Agent. Where an offer is contingent upon such payment(s), the offeror is obligated to serve affirmative notice in his bid submission.

21. SET-OFF AGAINST PAYMENTS
Payments due the contractor may be subject to reduction equal to the amount of unpaid and delinquent state taxes (or other just debt owed to the State), except where notice of delinquency has not been served or while the matter is pending in hearing or from any appeal therefrom.

22. CLAIMS
Any claim against a contractor may be deducted by the City of Pawtucket from any money due him in the same or other transactions. If no deduction is made in such fashion, the contractor shall pay the City of Pawtucket the amount of such claim on demand. Submission of a voucher and payment, thereof, by the City of Pawtucket shall not preclude the City of Pawtucket's Purchasing Agent from demanding a price adjustment in any case when the commodity delivered is later found to deviate from the specifications and proposal.
   a. The City of Pawtucket's Purchasing Agent may assess dollar damages against a vendor or contractor determined to be non-performing or otherwise in default of their contractual obligations equal to the cost of remedy incurred by the City of Pawtucket, and make payment of such damages a condition for consideration for any subsequent award. Failure by the vendor or contractor to pay such damages shall constitute just cause for disqualification and rejection, suspension, or debarment.
23. CERTIFICATION OF FUNDING
The Director of Finance shall provide certification as to the availability of funds to support the procurement for the current fiscal year ending June 30th only. Where delivery or service requirements extend beyond the end of the current fiscal year, such extensions are subject to both the availability of appropriated funds and a determination of continued need.

24. UNUSED BALANCES
Unless otherwise specified, all unused Blanket Order quantities and/or unexpended funds shall be automatically canceled on the expiration of the specified term. Similarly, for orders encompassing more than one fiscal year, unexpended balances of funding allotted for an individual fiscal year may be liquidated at the close of that fiscal year, at the City of Pawtucket's sole option.

25. MINORITY BUSINESS ENTERPRISES
Pursuant to the provisions of Title 37 Chapter 14.1 of the General Laws, the City of Pawtucket reserves the right to apply additional consideration to offers, and to direct awards to bidders other than the responsive bid representing the lowest price where:
   a. the offer is fully responsive to the terms and conditions of the Request, and
   b. the price offer is determined to be within a competitive range (not to exceed 5% higher than the lowest responsive price offer) for the product or service, and
   c. the firm making the offer has been certified by the R.I. Department of Economic Development to be a small business concern meeting the criteria established to be considered a Minority Business Enterprise.

26. PREVAILING WAGE REQUIREMENT
In accordance with Title 37 Chapter 13 of the General Laws of Rhode Island, payment of the general prevailing rate of per diem wages and the general prevailing rate for regular, overtime and other working conditions existing in the locality for each craft, mechanic, teamster, or type of workman needed to execute this work is a requirement for both contractors and subcontractors for all public works.

27. EQUAL OPPORTUNITY COMPLIANCE, HANDICAPPED ACCESS AND AFFIRMATIVE ACTION
Contractors of the City of Pawtucket are required to demonstrate the same commitment to equal opportunity as prevails under federal contracts controlled by Federal Executive Orders 11246, 11625, 11375 and 11830, and Title 28 Chapter 5.1 of the General Laws of Rhode Island. Affirmative action plans shall be submitted by the contractor for review by the State Equal Opportunity Office. A contractor's failure to abide by the rules, regulations, contract terms and compliance reporting provisions as established shall be grounds for forfeiture and penalties as shall be established, including but not limited to suspension.

28. DRUG-FREE WORKPLACE REQUIREMENT
Contractors who do business with the City of Pawtucket and their employees shall abide by the State's drug-free workplace policy and the contractor shall so attest by signing a certificate of compliance.

29. TAXES
